## Probiotic dragees with dark chocolate glaze

Bactojoy probiotic dragees with dark chocolate glaze is a new probiotic product to build good immunity while providing a favorable gastrointestinal balance. Suitable for children over 3 years old.

### About probiotics and Bulgar Biotic:

We live in times of stress and uncertainty. We are in a hurry, we work, we win, we laugh, we struggle with our emotions ... Until one day we realize that we are about to lose the most precious gift given to us at birth - **health**. That is why Bulgar Biotic turns to **Lactobacillus bulgaricus** - the first natural probiotic in the world. The long and healthy life of the Bulgarian people was the result of the daily consumption of fermented milk and other lactic acid products produced in Bulgaria, which still remain the most beneficial for the Bulgarians.

Combining the old traditions of extracting **the most valuable natural ingredients and advanced production technologies**, Bulgar Biotic offers the highest quality probiotics under the brand name "Bactojoy" and with *Lactobacillus bulgaricus*!

Our mission is to help people feel healthier, more energetic and smiling.

### Product description:

Bactojoy Probiotic Dragees with Dark Chocolate Glaze is a new generation probiotic made in Bulgaria on the basis of **the authentic Lactobacillus bulgaricus**. An innovative formula for natural protection of the body, specially developed for people who are looking for a balanced diet and / or have symptoms of lactose intolerance. Helps **to maintain the favorable intestinal microflora** of the digestive system. Stimulates the construction and **maintenance of natural immunity**. It has a nice taste of natural chocolate, suitable as an addition to other dishes - snacks, desserts and more.

### In what case it is offered to the client and how it helps:

- Maintains a favorable gastrointestinal flora;
- Aids the gastrointestinal tract in diarrhea of different types;
- Has a calming effect on long journeys;
- Change of seasons;
- During antibiotic treatment and after antibiotic treatment;
